ASSEMBLY BILL

No. 1121

Introduced by Assembly Member Pan

February 18, 2011

An act to amend Sections 30525, 30801, and 30804.5 of, and to add Sections 30503.5 and 30505 to, the Food and Agricultural Code, and to amend Section 38792 of the Government Code, relating to dog licensing.

LEGISLATIVE COUNSEL'S DIGEST

AB 1121, as amended, Pan. Dog licensing: issuance: puppy licenses. Existing law authorizes counties and cities to issue dog licenses and dog license tags for a fee, as specified. Existing law also prohibits a public animal control agency, animal or humane shelter, or a rescue group, as defined, from selling or giving away to a new owner any dog that has not been spayed or neutered, except as specified. A violation of provisions governing the regulation and licensing of dogs is an infraction or a misdemeanor, except as specified.

This bill would additionally ~~authorize a local governmental entity to~~ require ~~a~~ each pet dealer, as defined, humane society, rescue group, society for the prevention of cruelty to animals, or other specified entity to submit once a month, except as specified, a report to the local governmental entity that is responsible for licensing dogs in the city or county in which the pet dealer, humane society, rescue group, society for the prevention of cruelty to animals, or other specified entity is located. The bill would require the report to contain the name, address, and telephone number of the person who receives a dog, and other information regarding the dog, that was adopted or sold in the previous month, as specified, by the entity submitting the report. The bill would require the entity that submits the report to retain a copy of the report for 12 months. The bill would prohibit the use, distribution, or release of the information contained in the report for any purpose except to ensure compliance with existing state and local law for the purposes of (1) providing notice to the person adopting or purchasing the dog regarding laws requiring the person to obtain a license for the dog and (2) providing notice to another local governmental entity, which is responsible for licensing dogs in the jurisdiction in which the person resides, that the person has adopted or purchased a dog, if the person does not reside in the jurisdiction of the local governmental entity that is providing the notice. *A violation of these provisions would be punishable by a civil fine of \$50 for the first offense and \$100 for each subsequent offense.* The bill would exempt an act in violation of these provisions from the provision which would make the violation a crime. *By imposing new duties on local officials who would receive and process the monthly reports described above, the bill would impose a state-mandated local program.*

This bill would allow a licensing agency to issue to the owner of a microchipped puppy a puppy license, as defined, which would expire when the puppy reaches one year of age, except as specified. The bill would also make conforming changes.

Existing law authorizes a dog license tag to be issued for $\frac{1}{2}$ or less of the usual fee required for a dog if a certificate indicating that the dog has been spayed or neutered is presented from a licensed veterinarian.

This bill would authorize the city, county, or city and county to specify the means by which the dog owner may provide proof that the dog has been spayed or neutered.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state.

Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: ~~no~~-yes.
State-mandated local program: ~~no~~-yes.

The people of the State of California do enact as follows:

1 SECTION 1. It is the intent of the Legislature to encourage
2 anyone transferring ownership of a dog to advise the new owner

6 dogs that are four months of age or older.
